Platform yang kami kembangkan adalah aplikasi untuk mengelola data absensi kelas per pelajaran. Data absensi dapat direkap oleh admin untuk pembuatan laporan.

“Where Code Meets Flavor, Innovation is Served”

~Codeplatery~

About Codeplatory

Codeplatory is an innovative software house that brings a unique touch to the world of software development. Just like a skilled chef crafting delightful dishes, we blend creativity, expertise, and dedication to produce software solutions that captivate. At Codeplatory, every line of code we write comes with an exceptional flavor, stimulating the appetite for endless technological innovation. With us, you'll discover an unforgettable software development experience, where every project is a digital culinary adventure that leaves a lasting impression. Welcome to Codeplatory, where sophistication meets creativity, and innovation merges with beauty.
